COMMUNITY REPAINT

In the UK, an estimated 55 million litres of paint are wasted every year. Community RePaint is a UK-wide paint reuse network, sponsored by Dulux for the past 30 years, which aims to reduce waste and help everyone paint more sustainably. So far, Community RePaint has redistributed 5.4 million litres of leftover paint to individuals, families, communities and charities. Learn more about it here: communityrepaint.org.uk

Welcome

At Dulux, we believe paint has the power to change how it feels to come home. Whether you're transforming a full room or completing a simple upcycling project, colour has the power to bring joy to your space.

These pages are packed full of projects, from colour zoning a kitchen-diner with **Village Maze™** and **Pink Parchment™** to painting a ceiling with **Guild Green** and **Frosted Papaya**. For even more colour inspiration, check out our pull-out colour chart featuring our most loved shades.

We hope this issue inspires you to create your own special somewhere. Remember to join us on social to share your projects and transformations!

Marianne Shillingford, Dulux Creative Director and **Steph King**, Dulux Creative lead, editors of this mini magazine

One room, two moods

Change how a room feels with simple colour schemes

Using different colour combinations in a room can not only change the way a room looks, but also how it works and feels. To see this in action, we've painted and styled the same room in two different colour schemes.

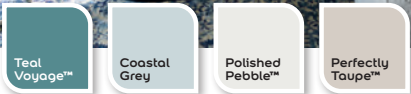

We've transformed this living room into a calming oasis, using a tonal colour scheme with different shades of tranquil blue: **Teal Voyage™**, on the feature wall behind the fireplace, and **Coastal Grey** on the side and back walls. The picture rail is painted in **Polished Pebble™**, connecting the two blues together. This colour scheme is echoed in the styling choices, such as the cushions coloured in soft shades of blue and grey. The lamp, painted in **Perfectly Taupe™**, part of our Simply Refresh Multi-surface range, adds warmth to balance the look.

A primer on colour theory:

Discover more colour schemes using a colour wheel by scanning the QR code below.

Find out more about colour combinations.

Here, we've combined a palette of warm neutrals to create a living space that feels welcoming and energising.

We've also added visual interest to the room by splitting the colours horizontally, applying **Soft Truffle™** on the upper half of the wall and **Egyptian Cotton™** below with the picture rail finished in **Cannon Ball™**. The cushions, lamp, and rug add a pop of colour and texture to bring the whole look together.

Dulux Simply Refresh Multi-surface

Colour zoning

Make the most of your busiest spaces

Zoning with colour is a clever and easy way to divide a multi-purpose space into distinct areas.

We have put this into practice in this open-plan kitchen and dining area, the heart of the home. We've used **Pink Parchment**, a soft shade of pink with dusty undertones, paired with the versatile green, **Village Maze**. The pink lifts the kitchen area making it feel less functional, while the dining area's cosy and calm fresh green wraps around family or guests sitting down together.

To provide balance, we've used **White Mist**™ on the remaining wall areas and painted the kitchen cabinets in **Perfectly Taupe**, a gentle warm neutral in our Simply Refresh Multi-surface range.

The washable and stain-repellent formulation of Easycare Washable & Tough makes it perfect for busy family spaces.

Scan for more colour zoning ideas to use in your home.

Tranquil bathrooms

Create a bathroom inspired by the colours of nature

Statement ceilings are here to stay. We've transformed this bathroom through the calming addition of **Guild Green**, which trails down from the ceiling and encourages a spa-like feel. This green is accented by a stripe of **Frosted Papaya**, and the lush plants complete the calming, nature-inspired look.

Scan for a how to on painting your ceiling.

DULUX EASYCARE BATHROOM

Dulux Easycare Bathroom includes moisture and steam resistant technology that protects against mould for 5 years, keeping your bathroom looking better for longer.

Upcycling in style

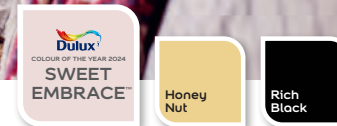

A fresh coat of paint gives old pieces new life

Whether you're renting or own your home, you can breathe new life into your space with a few splashes of colour. Here, a flatpack bookcase is transformed into a bespoke room divider – colour zoning a space without painting the walls.

The bookcase is painted in **Fresh Foliage** with pops of **Coral Charm** and **Decadent Damson™** colouring the plant pots and filing folders, all part of the Dulux Simply Refresh Multi-surface paint range. This 2-in-1 product paints and primes at the same time to enable quick and easy transformations.

Dulux Simply Refresh Multi-surface; Dulux Simply Refresh One Coat

Easy upcycle

You can use your leftover paint to make an old piece of furniture feel brand new. To revamp this bedside table, we've used the contrasting colours **Rich Black** and **Honey Nut** from our Simply Refresh One Coat product, providing a fresh new look in just one coat.

balances perfectly against the yellow of the table to bring a cosy but uplifting feel to the room. To transform this space quickly, we've used our Simply Refresh One Coat product, providing a fresh new look in just one coat.

On the wall behind, we've used our Colour of the Year 2024, **Sweet Embrace™**. It's a pale dusky pink with neutral undertones that

Paint picker

Choose the right paint with our product guide

With more than 30 years' DIY and decorating experience under his belt, what Skills Development

Consultant and resident paint pro Matt Gray doesn't know about paint isn't really worth knowing.

"Using the right type of paint is essential if you want a finish that will look good and really last," says Matt. "There are a number of specialist products to help you make the most of your efforts, so use this handy guide to suss out which you need and you'll be well on your way to painting perfection."

BUILDING A BRIGHTER FUTURE

At Dulux we believe in using our innovation to add colour to people's lives. We want to maximise the positive impact of paint through sustainable solutions that lower our environmental footprint.

Throughout 2024 and beyond, we will be reducing the amount of solvents used in our products, moving towards more water-based formulations, and using more renewable resources. As part of this, we will be rolling out 99.9% VOC free formulations across many of our interior paint ranges. Look out for this logo on our Dulux paint cans in store.
