We have produced paint colours as accurately as digital screens will allow. We cannot guarantee an exact colour match, and the colours contained in this guide should not be relied on as such. Please ensure that you use a colour tester on the actual surface to be painted before undertaking your decoration. This will give you a stronger indication of the appearance of the actual colour, which can be affected by the substrate and the texture of the surface. Please note that colour testers indicate the colour of the product only, and are not representative of the quality or sheen of the eventual product purchased. AkzoNobel, Dulux, the Dulux dog, the Dulux Weathershield Promise, the flourish logo, Weathershield and colour names TM are trademarks of the AkzoNobel Group of companies. © AkzoNobel 2025. Health Safety & the Environment: For all products refer to can for full information. Always read and follow instructions on the container. WeathershieldTM Fungicidal Wash contains dodecyl dimethyl ammonium chloride (DDAC). WeathershieldTM Exterior Preservative Primer contains IPBC and propiconazole. Use biocides safely. Always read the label and product information before use. For safety datasheets or for further advice you can contact the Customer Advice Centre 0333 222 7171 Weathershield, AkzoNobel, Wexham Road, Slough, SL2 5DS.

Exterior Colour & Product Guide

change how it feels to come home

Whether you're painting your exterior walls or giving your front door a bold new look, the transformative power of paint can breathe new life into your home. Dulux has been helping homeowners enhance their outdoor spaces for generations with beautiful colours and durable products that protect against the elements. Our expertly curated exterior palettes blend timeless elegance with modern trends to complement any style and boost kerb appeal.

choose your perfect Dulux Weathershield colour and product

1 Choose the right product for your job

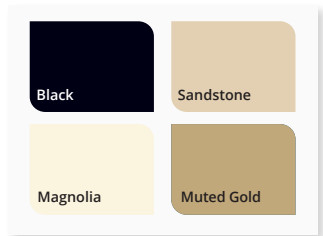

We offer a range of products designed to protect your home against rain, sun, mould, and dirt - all while delivering lasting colour.

2 Explore our colours

This guide features our most popular colours for masonry and exterior wood and metal. Use our simple product key to find shades available in each range. For our full colour palette, head to duluxweathershield.co.uk

3 Try before you buy

Put your shortlisted shades to the test with our Tester pots. Tester pots are only available in Exterior Wall paint. Pick up in-store or online at duluxweathershield.co.uk

exterior walls

preparation products

more colours mixed for you

If you can't find your favourite colour in our ready mixed collection, try one of these popular and versatile, nature-inspired shades that can be mixed in selected stores, to perfectly complement your building's style and its environment.

Combine the softer shades for masonry with a punchier colour for wood or metal doors and gates to add your own stamp.
